

**Position:** Maintenance Technician

**Location:** Prince George, BC

Join our team at Iris Energy, a cutting-edge Bitcoin mining company that specializes in designing, owning, and managing state-of-the-art data center infrastructure. We prioritize entering regions with plentiful and untapped renewable energy sources to fuel our operations, all while supporting local communities and advancing the decarbonization of energy markets. By joining us, you'll be contributing to the growth of the global Bitcoin network while also supporting the development of sustainable energy solutions.

Iris Energy is currently looking for a Maintenance Technician to join our Prince George, BC team. Joining our maintenance crew, the right candidate will be highly motivated, pro-active, reliable, and hardworking. Iris Energy operates in a relaxed atmosphere where we work hard and celebrate one another's wins. Protecting our team dynamic and corporate culture are of utmost importance to us, so our chosen candidate brings with them a good vibe, an exceptional attitude and a sense of humour.

### **Responsibilities**

- Perform routine and preventative maintenance activities, such as changing filters, waste bins, upkeep on a variety of equipment, landscaping, building upkeep and inspections.
- Operate heavy equipment such as telehandler, forklift, skid steer, aerial boom lift and sand/plow truck to lift, move or place equipment or materials (e.g., snow removal, pallet placement).
- Inspecting, cleaning, lubricating and refilling equipment.
- Ability to troubleshoot problems, and then formulate and implement short- and long-term solutions.
- Ensure all work is conducted in a safe and efficient manner according to guidelines and regulations.
- Assist with other facility repairs and special project execution.
- Support the Supervisor in the development and implementation of short- and long-term maintenance programs and standards.
- Conduct regular inspections of facilities and equipment to identify potential issues and make repairs as needed.

### **Desired Skills include:**

- Proficient in MS Office including Word, Excel, and Outlook with the ability to navigate the internet and utilize electronic time cards
- Be self-motivated, reliable, flexible & proactive with an ability to work in a fast-paced environment
- Ability to work in a variety of indoor and outdoor industrial settings; including adverse weather conditions and at heights
- Physical ability to lift heavy objects and work in challenging conditions
- Strong problem-solving skills and attention to detail
- Strong written and oral communication skills and the ability to interact effectively with leadership and colleagues
- High energy and confident individual with demonstrated organization, prioritization and critical thinking skills as well as proven active listening skills

**Desired Qualifications include:**

- High school diploma or equivalent
- Valid Class 5 Driver's License
- Experience and knowledge on operating equipment such as telehandler, skid steer, forklift and aerial boom lift or equivalent experience with other heavy machinery considered a strong asset.
- Experience with power tools and how to operate them safely is required
- Experience in a fast-paced growth environment
